

27 SEP 2024

No.:19-27/EAP-HPSHIVA-Notifications/2018-19

Dated: Shimla-2, the.....

OFFICE ORDER

In pursuance of the observations of the ADB Review Mission (June 2024) regarding plant health in the HPSHIVA clusters, an inclusive approach needs to be adopted to ensure that various issues related to plant health and crop production are addressed appropriately. It is also understood that a shift in the climatic patterns specially rainfall greatly affects the crop production and may lead to uneven fruit-set, physiological disorders, outbreak of insect pest and diseases etc.

Keeping above in view, a committee of following officers is hereby constituted to address the issues related to plant health and crop production in the HPSHIVA Clusters: -

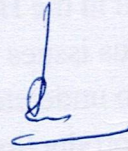

S. N.	Name & Address	Designation	Remarks
1.	Dr. Rajeshwar Parmar	Dy. Director of Horticulture Hamirpur cum Nodal Officer, HPSHIVA	Chairman
2.	Dr. Som Dev Sharma	National Horticulture Expert, CS09B, HPSHIVA	Member
3.	Dr. Shakun Rana	Subject Matter Specialist (Hort.) cum M.E (HPSHIVA) Solan	Member He will also be responsible to co-ordinate with NHE at State level to chalk out strategy for field visits, PoP demonstrations, analyzing the field observations, executions of instructions, documentations etc.
4.	All Management Experts notified under HPSHIVA	Distt. Bilaspur, Una, Solan, Sirmour, Hamirpur, Mandi and Kangra	Member
4.	Dr. Abhishek Samal	Team, Leader, CS06 & DC-CHPMA Facilitations	Member

The committee will ensure to carry out the following tasks: -

- Review the plant health related issues in the field on fortnightly basis.
- Problem identification, solutions and establishing linkages with various research & Development institutions, within state or at national level.
- Documentation of plant related problems and remedial measures.
- Suggestions for updating the Package of Practices (POP) prepared under HPSHIVA PRF.

- Need-based crop specific trainings/ capacity building programs for DOH officials/ CHPMA farmers.
- Finalization of location specific orchard management practices, training- pruning etc. for different crops in view of shift in climatic patterns.
- Any other observations/ suggestions for sustainable market-oriented quality production.

This is for information and immediate compliance.
